GUEST SPEAKERS

**Dr. Namrata
Sharma**

Faculty, SUNY Oswego
Consultant, UN Expert

**Dr. Harvey
Charles**

Vice Provost for
International Affairs
University of Minnesota

THE DISCUSSION

This conference will be an occasion to talk about how faculty, and the administrators who support them, can design globalized courses and curriculum to better prepare students for success in the fields of design, business, and technology. We will hear from experts and discuss with panelists about how students, equipped with global learning, have the power to be successful in their future careers, create positive social change, and help achieve the UN's Sustainable Development Goals (SDGs).
