To complete the Form I-901:

- The student needs the most recent Form I-20, “Certificate of Eligibility of Nonimmigrant Student Status,” issued by a DSO at the school the student plans to attend.

Prior to payment:

- Have the student check that all personal information on the form is correct – particularly name and birth date.
- If this information is not correct, the student should not pay the SEVIS I-901 fee but should contact the DSO for a corrected Form I-20.

When students arrive in the United States

By Air and Sea:

A CBP officer will guide the student through the inspection process. The student should have all travel documents ready.

The officer will review the student's travel documents and ask questions, such as the purpose for the visit and the duration of the stay.

The officer will scan the student's fingerprints and take the student's photograph with a digital camera.

The officer will tell the student when the process is complete.

By Land:

Students will experience US-VISIT biometric procedures, as described above, at the port's secondary inspection area.

A CBP officer may issue a Form I-515 if there is a problem

I-94 Tips

1. Use standard English characters, and print clearly. U.S. data systems do not recognize letters such as ñ, é, ü and ç. (Instead, use n, e, u or c.)
2. If you have only one name, enter it in the Family Name block. Use the letters FNU in the First Name field.
3. Spacing is as important as spelling and must be consistent (and match the official passport).
 - For example: some data systems will not read Mc Millan and McMillan as the same name.
4. Do not use hyphens.
5. Print the name exactly as it appears on the Form I-20.
6. Write date of birth in day/month/year order. This is not the same order that appears on the Form I-20 or Form DS-2019.
7. Check the completed Form I-94 to verify that status and length of stay are correct.
8. Make a copy and put it in a safe place. Safeguard the original.

F-1 STUDENT JOB AID FOR ALL NON-STEM OPT APPLICATIONS		
<p><i>Note: This checklist is intended to serve as general guidance on the OPT application process. Your school may have special requirements that are not covered on this checklist. You should always speak with an international advisor at your school regarding OPT or any other benefit associated with your F-1 status.</i></p>		
Step	Action	Completed
1.	If you believe you are eligible for OPT and would benefit from practical training in your field of study, request a recommendation for OPT from an international advisor who is a Designated School Official (DSO) at your school. Your DSO has to recommend you for OPT in SEVIS and provide you with an updated Form I-20 showing the recommendation. You will submit that Form I-20 with the application for employment authorization.	
2.	Complete the Form I-765, Application for Employment Authorization . The Form I-765 and instructions are available on the U.S. Citizenship and Immigration Services (USCIS) Web site (www.uscis.gov) under Immigration Forms.	
3.	Gather all Immigration documents and other supporting materials to submit with the application for employment authorization, including the following: <ul style="list-style-type: none"> • Form I-94 - photocopy of both sides • Valid passport - photocopy of photo page, renewal page if original has expired, and pages showing amendments such as name changes, corrections, etc. • Visa (if applicable) - photocopy of visa page • Photocopies of all Forms I-20 you have been issued • Photocopies of any previous employment authorization documents (EAD) • Two identical photographs (photograph instructions are found on the Form I-765 instructions under Required Documentation) • \$340 fee (check or Money Order payable to the U.S. Department of Homeland Security) 	
4.	Schedule a meeting with your DSO to receive the updated Form I-20 with OPT recommendation, and to review your application to ensure you have properly completed the Form I-765 and have all of the required supporting documents.	
5.	Make a photocopy of all application materials.	
6.	File the Form I-765 and supporting documents listed in item 3 with the appropriate USCIS Service Center (depending on where you live).	

Important OPT Reminders:

- For pre-completion OPT, you can file the Form I-765 up to 90 days before being enrolled for a full academic year, as long as the OPT will not begin until after you have completed a full academic year. If you have been enrolled for a full academic year, you can file the Form I-765 up to 120 days prior to the requested OPT start date.
- For post-completion OPT, you can file the Form I-765 up to 90 days before your program end date and no later than 60 days after your program end date.
- The Form I-765 must be received by USCIS within 30 days of the date your advisor made the OPT recommendation in SEVIS (see page 1 of the printed Form I-20 for the date).
- If you move and do not provide USCIS with your new address, your EAD will be returned to USCIS. To change your address, submit an online Form AR-11 to USCIS, and ask your DSO to update SEVIS.
- Your OPT employment must be directly related to your field of study and cannot begin until you have the EAD card in hand (and the start date has arrived).
- F-1 status is dependent upon full-time employment or volunteer service while on post-completion OPT. You cannot accrue more than 90 days of unemployment while on post-completion OPT. If you are close to 90 days, consult with your DSO.
- You will need to continue to update your DSO with address changes and changes in employment while on post-completion OPT.
